

## **BARKARTE**

German. Noun. (bar-kahr-tuh)

*Directly translates to "Bar Map". In Germany "map" is often used to describe a menu.*

## **THE FIRST PURPOSE-BUILT GYMNASIUM IN ENGLAND**

German Gymnasium was designed by Edward Gruning and was England's first purpose-built gymnasium, with funding coming solely from London's German community. It was built in 1865 for the German Gymnastics Society (established in 1861 by Ernst Ravenstein) and hosted London's first indoor Olympic Games, back in 1866.

The main exercise hall was a grand and elegant space with a floor to ceiling height of 57ft. Long forgotten sports were practise here, including Indian club swinging and broadsword practice. The building ceased to be used as gymnasium some time pre-war and was then used as offices, storage and an arts and exhibition space. D&D London took over the space in January 2014 and with Conran and Partners on board as the designers, German Gymnasium opened as drinking and dining destination in November 2015.
